

Pathways to Proficient Reading Pacing Guide - Mississippi Department of Education

AIM Pathways is a professional development opportunity designed to strengthen your knowledge and skills in the science of reading instruction. All of the content, including online coursework and a series of community-of-practice meetings focused on implementation, is aligned to the International Dyslexia Association's Knowledge and Practice Standards for Teachers of Reading. At the end of this professional development opportunity, you will be able to draw from your specialized knowledge in the science of reading to increase your students' literacy outcomes through evidence-based diagnostic/prescriptive literacy instruction and intervention. The course will also prepare you for three graduate credits from Arcadia University.
